## Quality Assured on Every Carlson Fish Oil Label:

This product is regularly tested (using AOAC international protocols) for freshness, potency, and purity by an independent, FDA-registered laboratory and has been determined to be fresh, fully-potent, and free of detrimental levels of mercury, cadmium, lead, PCBs, and 28 other contaminants.

**Elite Omega-3 Gems** is made from a special concentrate of fish body oils from deep-dwelling, coldwater fish, rich in omega-3s. Just one easy-to-swallow, lemon-flavored soft gel provides 1,250 mg of Norwegian fish oil.

Like many vitamins and supplements, the human body is unable to synthesize omega-3s, yet they are necessary for good health. Numerous research studies found the omega-3s DHA and EPA are vital for supporting and promoting heart, brain, nerve, eye, skin, immune system, and joint health.\*
